

Edward Scott  
Planner

“Every development has its unique challenges and constraints. Helping clients to navigate various approval pathways and produce an outcome that benefits many stakeholders is very rewarding.”

GLN is Edward’s first experience in a professional role. He brings enthusiasm and technical expertise in a range of areas including GIS applications.

Edward has a passion for responsive urban design and sustainability which motivates him to deliver the best outcomes for clients and the community, as well as to broaden his knowledge in different areas.

He seeks to expand his knowledge of town planning Greenfield and Brownfield areas and the contributions framework.

### Expertise

- Managing the preparation and lodgement of Development applications
- Statements of environmental effects
- S4.55 modifications to consents
- Research and GIS applications

### Background

Edward holds a Bachelor of Planning from Macquarie University and completed his student placement at GLN during 2020. During his degree, he took an interest Geographic Information System (GIS) and its role in producing good planning outcomes.

### Significant projects include:

- Development applications for subdivision of land in North West and South West Priority Growth Areas
- Statement of environmental effects and section 4.55 modifications of consent
- Tabulating, analysing and producing mapping data for planning reports and submissions.
- Preparation of Local Environmental Plan map tiles for Glenmore Park Stage 3 Planning Proposal.
- Assisting in formulating North Sydney Council’s Contributions Calculator.
